Packaging unit: Individual

The world's first 100% mobile hand- held printer for industrial labelling! The Inkjet Handprinter EBS-250 saves your text and allowes a very easy printing on all smooth and even curved surfaces.

Versatile

- PC controlled, hand- held inkjet- printer for nearly all surfaces (metal, card, film, wood, ceramic, concrete, and many more)
- Suitable for round and curved surfaces
- Memory for 30 texts / total 39.000 characters
- Type height: 8 - 27 mm
- Variable text design
- Two- digit LED display for active text on the printers upper side
- Improved user interface for easier text editing
- Faster change of stored texts, due to a shorter response time of the 'F' key

100% mobile

- Bluetooth® USB- module for wireless radio & data transmission
- Ink cartridges for up to 100.000 characters
- 50 hours of continuous printing capacity
- Weight approx. 1000 g (incl. rechargeable battery and 110 ml ink cartridge)

Alternative options

- Database connection
- Scanner function
- 2- line printing option
