

RUBBER STAMP

Images similar

Packaging unit: Individual

Suitable for manual marking of all sizes of workpieces. You have the choice of natural rubber as well as acid- resistant & oil- resistant rubber pad. Designs: Hand stamp, stamp with replaceable types, band stamp and pocket stamp.

Designs:

- Hand stamp
- Stamp with replaceable printing types
- Band stamp
- Pocket stamp in all sizes
- Self- inking stamp

The marking is implemented with the selected marking colour, which is applied by means of the rubber stamp. The marking ink is applied to the rubber stamp with a special stamp- pad

Application:

- Clean surface
- Moisten the rubber stamp lightly with the marking ink
- Press onto the surface
- Allow to dry

Accessories:

- Stamping inks
